1. Introduction

The Mystery Box Surprise Reward Application is an engaging Android app built with Java and Android Studio. Users open virtual mystery boxes to receive random rewards including coins, points, gift cards, and bonus items. This manual will help you install, navigate, and make the most of all app features.

2. System Requirements

Requirement	Minimum	Recommended
Android Version	Android 7.0 (Nougat)	Android 10+
RAM	2 GB	4 GB
Storage	50 MB free	100 MB free
Internet	Optional (Firebase)	Required for cloud sync
Processor	Quad-core 1.4 GHz	Octa-core 2.0 GHz+

3. Installation Guide

Option A — Install via APK File:

Step 1: Download the Mystery_Box_App.apk file from the provided GitHub release link.

Step 2: On your Android device, go to Settings > Security > Enable 'Unknown Sources' (or 'Install Unknown Apps').

Step 3: Open the downloaded APK file using your File Manager.

Step 4: Tap Install and wait for the installation to complete.

Step 5: Tap Open to launch the application.

■ Note: Remember to disable 'Unknown Sources' after installation for security.

Option B — Build from Source (Android Studio):

Step 1: Clone the repository: `git clone https://github.com/yourusername/mystery-box-app.git`

Step 2: Open Android Studio and select 'Open an Existing Project'.

Step 3: Navigate to the cloned folder and click OK.

Step 4: Let Gradle sync complete. Connect your Android device or start an emulator.

Step 5: Click the Run ■ button to build and install the app.

4. Getting Started

Creating a New Account:

- Launch the app — you will see the Splash Screen.
- Tap 'Register' on the Login Screen.
- Enter your Name, Email Address, and Password.
- Tap 'Create Account'. You will be redirected to the Home Dashboard.

Logging In (Existing User):

- Open the app and tap 'Login'.
- Enter your registered Email and Password.
- Tap 'Login' to access your dashboard.

■ Tip: Use 'Forgot Password?' if you cannot remember your credentials.

5. Main Features

■ Mystery Box Opening

Tap any mystery box on the Home Dashboard to open it and receive a random reward instantly.

■ Random Reward Generator

Each box opening uses a random algorithm to assign rewards — Coins, Points, Gift Cards, or Bonus Rewards.

■ Reward History

View a complete list of all rewards you have won, accessible from the bottom navigation bar.

■ Daily Bonus Notifications

Receive daily reminders to claim your free bonus box. Enable in Settings.

■ Animated UI

Enjoy smooth box-opening animations and sound effects for an immersive experience.

■ Settings

Customize notifications, manage your account, and view app information.

6. Screen-by-Screen Guide

Screen Name	Description
Splash Screen	Displays the app logo with a loading animation for 2–3 seconds before navigating to Login Screen.
Login Screen	Enter your email and password to access the app. Options: Login, Register, Forgot Password.
Registration Screen	Fill in Name, Email, and Password to create your account.
Home Dashboard	The main screen showing available mystery boxes. Tap a box to open it.
Mystery Box Screen	Tap the glowing box to open it. An animation plays and your reward is revealed.
Reward Result Screen	Displays the reward you won (e.g., '50 Coins!'). Tap 'Claim' to save it.
Reward History Screen	Shows a scrollable list of all past rewards with date and time stamps.
Settings Screen	Toggle notifications on/off, change password, or delete your account.

7. Reward System Explained

Each mystery box opening generates one of the following rewards randomly:

Reward Type	Description	Probability
■ Coins	Virtual currency used within the app	40%
■ Points	Loyalty points for leaderboard ranking	30%
■ Gift Card	Voucher code for in-app or partner use	15%
■ Bonus Reward	Special surprise — double coins or rare item	15%

8. Notifications & Settings

- Go to **Settings** from the bottom navigation bar.
- Toggle **Daily Bonus Notifications** ON or OFF.
- You can also manage notification permissions from your Android device's Settings > Apps > Mystery Box App.
- Notification times can be set between 8:00 AM and 10:00 PM.

9. Troubleshooting

Problem	Solution
App crashes on startup	Restart device. Ensure Android 7.0+. Reinstall if issue persists.
Cannot log in	Check email/password. Use 'Forgot Password'. Check internet connection.
No rewards being generated	Check app permissions. Clear app cache (Settings > Apps > Mystery Box > Clear Cache).
Notifications not received	Enable notifications in Settings > Apps > Mystery Box App > Notifications.
Reward history missing	If local DB was cleared, history cannot be recovered. Cloud backup via Firebase.

10. Frequently Asked Questions (FAQs)

Q: Is the app free to use?

A: Yes, the Mystery Box App is completely free to download and use.

Q: Does the app require internet?

A: Basic features work offline. Firebase login and cloud sync require an internet connection.

Q: Are the rewards real money or gifts?

A: Rewards are virtual in-app items (coins, points). Real gift card integration is a future enhancement.

Q: Can I use the app on iOS?

A: Currently the app is Android-only. iOS support may be added in future versions.

Q: How do I delete my account?

A: Go to Settings > Account > Delete Account. This action is irreversible and removes all your data.

Q: How many boxes can I open per day?

A: Currently unlimited. A daily limit feature is planned for future updates.

11. Contact & Support
